We hand around platters to ensure guests know food is out and then leave on tables until finished. We stagger the platters throughout the night until 10pm based on our experience and what guests are eating etc. Usually 7pm start we serve the first platters 7.30pm and then gauge response, how hungry guests are.

**We can also add our Late Night Platters into the mix, on arrival etc.
Please look under Menu & then click on Late Night Menu for our Bar & Fresca Platters options & pricing.**
